1. DESCRIPTION.
   a. The Douglas model A-20G attack bomber is a twin-engined, all-metal, midwing monoplane, incorporating a tricycle landing gear. The airplane has an over-all span of 61 feet 4 inches, an over-all length of 47 feet 4 inches, and an over-all height at rest of 18 feet 1 inch. It is designed as an attack bomber, and provisions are made for a crew of three: pilot, upper rear gunner, and lower rear gunner.
